About Us

Statek Wood OÜ is a company located in Estonia, specializing in manufacturing and mounting of carports and pergolas. Our beliefs are dedicated towards customer well-being and product quality. We firmly believe that in order to create a perfect carport or pergola, customer must also be included in the process.

Every carport & pergola is designed with care, competence, experience and impeccable quality. Our precise craftsmanship has been achieved through 10 years of experience in prefabricated house production.

Designing process

We design and manufacture according to your wishes. Our team of engineers support you throughout the process, from planning and verifiable statics to execution. The process can begin by taking one of our models as a reference or creating an individual product.
